

Open Up Our Hearts

by Phil Carver

Open up our hearts,
open up our minds,
open up our doors, O God.
People feel alone.
People live in need.
We are Jesus' hands and feet.

Our love is in our actions,
as we transform the world for you.
Our hearts and minds and doors are open,
and we are transformed by what we do.

What does God require
of the life I lead,
what does God require of you:
doing what is just,
showing living care,
walking humbly with our God.

Our love is in our actions,
as we transform the world for you.
Our hearts and minds and doors are open,
and we are transformed by what we do.
